Step 3/4: Awaiting Release From Losing Registrar

According to the Gaining and Losing Registrars, it appears that the codes you've supplied were correct. Once you tell the Losing Registrar (the current Registrar for aquagreeninc.com) to release the domain, we will be able to accept the domain into your account. You should receive an email from the Losing Registrar asking you to approve or decline this request. Please follow the instructions and ACCEPT the transfer. If you choose to DECLINE the transfer, you might be able to receive a refund within 90 days if you contact customer service. You may also have to contact or to login to your old registrar to manually release the domain. Otherwise, if you can just wait 7 days, the Losing Registrar should release the domain automatically.
